NORTH BILLERICA, Mass., Aug. 04, 2022 (GLOBE NEWSWIRE) -- Lantheus Holdings, Inc. (NASDAQ: LNTH) (Lantheus), a company committed to improving patient outcomes through diagnostics, radiotherapeutics and artificial intelligence solutions that enable clinicians to Find, Fight and Follow disease, today reported financial results for its second quarter ended June 30, 2022.

The Company's worldwide revenue for the second quarter of 2022 totaled \$223.7 million, compared with \$101.1 million for the second quarter of 2021, representing an increase of 121.4% from the prior year period.

The Company's second quarter 2022 GAAP net income was \$43.1 million, or \$0.61 per fully diluted share, as compared to GAAP net loss of \$26.7 million, or \$0.39 per fully diluted share for the second quarter of 2021.

The Company's second quarter 2022 adjusted fully diluted earnings per share were \$0.89, as compared to \$0.11 for the second quarter of 2021, representing an increase of approximately \$0.78 from the prior year period.

Lastly, net cash provided by operating activities was \$72.6 million for the second quarter 2022. Free Cash Flow was \$68.3 million in the second quarter of 2022, representing an increase of approximately \$45.0 million from the prior year period.

"Our record-setting financial results for the first half of 2022 reflect the strength of our strategy and our ability to drive long-term growth," said Mary Anne Heino, President and CEO. "PYLARIFY, which is firmly established as the PSMA PET imaging agent of choice, continues to propel our growth and have a positive impact on the U.S. prostate cancer community. We continue to be driven by our purpose to Find, Fight and Follow disease to improve patient outcomes and provide sustainable value for shareholders."

The Company updates its guidance for full year 2022 and offers the following guidance for the third quarter:

| | Q3 Guidance Issued August 4, 2022 | Previous Guidance Issued April 29, 2022 |
|---------------------------------------|------------------------------------|---|
| Q3 FY 2022 Revenue | \$220 million - \$230 million | N/A |
| Q3 FY 2022 Adjusted Fully Diluted EPS | \$0.80 - \$0.85 | N/A |
| | FY Guidance Updated August 4, 2022 | FY Guidance Issued April 29, 2022 |
| FY 2022 Revenue | \$885 million - \$905 million | \$800 million - \$835 million |
| FY 2022 Adjusted Fully Diluted EPS | \$3.50 - \$3.60 | \$2.90 - \$3.15 |

On a forward-looking basis, the Company does not provide GAAP income per common share guidance or a reconciliation of adjusted fully diluted EPS to GAAP income per common share because the Company is unable to predict with reasonable certainty business development and acquisition related expenses, purchase accounting fair value adjustments (including liability accruals relating to the contingent value rights issued as part of the Progenics Pharmaceuticals, Inc. acquisition), and any one-time, non-recurring charges. These items are uncertain, depend on various factors, and could be material to results computed in accordance with GAAP. As a result, it is the Company's view that a quantitative reconciliation of adjusted fully diluted EPS on a forward-looking basis is not available without unreasonable effort.

Internet Posting of Information

The Company routinely posts information that may be important to investors in the "Investors" section of its website at <u>www.lantheus.com</u>. The Company encourages investors and potential investors to consult its website regularly for important information about the Company.

Conference Call and Webcast

Non-GAAP Financial Measures

The Company uses non-GAAP financial measures, such as adjusted net income and its line components; adjusted net income per share - fully diluted; and free cash flow. The Company's management believes that the presentation of these measures provides useful information to investors. These measures may assist investors in evaluating the Company's operations, period over period. However, these measures may exclude items that may be highly variable, difficult to predict and of a size that could have a substantial impact on the Company's reported results of operations for a particular period. Management uses these and other non-GAAP measures internally for evaluation of the performance of the business, including the allocation of resources and the evaluation of results relative to employee performance compensation targets. Investors should consider these non-GAAP measures only as a supplement to, not as a substitute for or as superior to, measures of financial performance prepared in accordance with GAAP.

Safe Harbor for Forward-Looking and Cautionary Statements

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, as amended, that are subject to risks and uncertainties and are made pursuant to the safe harbor provisions of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements may be identified by their use of terms such as "believe," "could," "estimate," "expect," "look forward to," "may," "plan," "predict," "target," "will," and other similar terms. Such forward-looking statements are based upon current plans, estimates and expectations that are subject to risks and uncertainties that could cause actual results to materially differ from those described in the forward-looking statements. The inclusion of forward-looking statements should not be regarded as a representation that such plans, estimates and expectations will be achieved. Readers are cautioned not to place undue reliance on the forward-looking statements contained herein, which speak only as of the date hereof. The Company undertakes no obligation to publicly update any forward-looking statement, whether as a result of new information, future developments or otherwise, except as may be required by law. Risks and uncertainties that could cause our actual results to materially differ from those described in the forward-looking statements include: (i) our ability to continue to grow PYLARIFY as a commercial product, including (A) our ability to obtain FDA approval for additional positron emission tomography ("PET") manufacturing facilities ("PMFs") to manufacture PYLARIFY, (B) the ability of PMFs to manufacture PYLARIFY to meet product demand, (C) our ability to sell PYLARIFY to customers, (D) our ability to obtain and maintain adequate coding, coverage and payment for PYLARIFY, and (E) our ability to establish PYLARIFY as a leading PSMA PET imaging agent in a competitive environment in which other PSMA PET imaging agents have been approved and additional ones are in development; (ii) continued market expansion and penetration for our established commercial products, particularly DEFINITY, in the face of segment competition and potential generic competition, including as a result of patent and regulatory exclusivity expirations and challenges; (iii) the global Molybdenum-99 ("Mo-99") supply; (iv) our ability to have third party manufacturers manufacture our products and our ability to use our in-house manufacturing capacity; (v) our ability to successfully launch PYLARIFY AI as a commercial product; (vi) the continuing impact of the global COVID-19 pandemic on our business, supply chain, financial condition and prospects; (vii) the efforts and timing for clinical development and regulatory approval of our product candidates and new clinical applications and territories for our products, in each case, that we may develop, including 1095 and NM-01, or that our strategic partners may develop, including piflufolastat F 18 in Europe and flurpiridaz fluorine-18 ("F 18"); (viii) our ability to identify and acquire or in-license additional diagnostic and therapeutic product opportunities in oncology and other strategic areas; (ix) the potential reclassification by the FDA of certain of our products and product candidates from drugs to devices with the expense, complexity and potentially more limited competitive protection such reclassification could cause; and (x) the risk and uncertainties discussed in our filings with the Securities and Exchange Commission (including those described in the Risk Factors section in our Annual Reports on Form 10-K and our Quarterly Reports on Form 10-Q).
