NORTH BILLERICA, MA., July 28, 2021 - [Lantheus Holdings, Inc.](#) (NASDAQ: LNTH) (Lantheus), an established leader and fully integrated provider of innovative imaging diagnostics, targeted therapeutics and artificial intelligence solutions to find, fight and follow serious medical conditions, today reported financial results for its second quarter ended June 30, 2021.

The Company's worldwide revenue for the second quarter of 2021 totaled \$101.1 million, compared with \$66.0 million for the second quarter of 2020, representing an increase of 53.1% from the prior year period.

The Company's second quarter 2021 GAAP net loss was \$26.7 million, or \$0.39 per fully diluted share, as compared to GAAP net loss of \$7.0 million, or \$0.16 per fully diluted share for the second quarter of 2020.

The Company's second quarter 2021 adjusted fully diluted earnings per share were \$0.11, as compared to \$0.10 for the second quarter of 2020, representing an increase of 8.1% from the prior year period.

Lastly, net cash provided by operating activities was \$25.9 million for the second quarter 2021. Free Cash Flow was \$23.2 million in the second quarter of 2021, representing an increase of approximately \$27.6 million from the prior year period.

"Our second quarter was highlighted by the FDA approval of PYLARIFY, the first and only commercially available PSMA PET imaging agent for prostate cancer, and the strong performance of DEFINITY which exceeded pre COVID-19 levels," said Mary Anne Heino, President and Chief Executive Officer. "With the investments Lantheus has made and continues to make in the business, we've laid the foundation to take full advantage of our diversified portfolio of products. We remain committed to delivering on our financial commitments while positively impacting the lives of the patients we serve and delivering shareholder value."

Outlook

The Company updates its guidance for full year 2021 and offers the following guidance for the third quarter.

	Q3 Guidance Issued July 28, 2021	Previous Guidance Issued May 4, 2021
Q3 FY 2021 Revenue	\$95 million - \$100 million	N/A
Q3 FY 2021 Adjusted Diluted EPS	\$0.05 - \$0.07	N/A
	FY Guidance Updated July 28, 2021	FY Guidance Issued May 4, 2021
FY 2021 Revenue	\$395 million - \$402 million	\$390 million - \$400 million
FY 2021 Adjusted Diluted EPS	\$0.38 - \$0.42	\$0.36 - \$0.41

On a forward-looking basis, the Company does not provide GAAP income per common share guidance or a reconciliation of adjusted fully diluted EPS to GAAP income per common share because the Company is unable to predict with reasonable certainty business development and acquisition related expenses, purchase accounting fair value adjustments (including liability accruals relating to the contingent value rights issued as part of the Progenics Pharmaceuticals, Inc. acquisition), and any one-time, non-recurring charges. These items are uncertain, depend on various factors, and could be material to results computed in accordance with GAAP. As a result, it is the Company's view that a quantitative reconciliation of adjusted fully diluted EPS on a forward-looking basis is not available without unreasonable effort.
